## **Proposed Changes to Location Arrangements for Council Staff in Friargate**

We want to update everyone on this issue as a number of members have been in contact with us.

UNISON has been made aware that some staff in Friargate have been informed of changes to their workplace location arrangements, however UNISON have been neither been informed nor consulted on these changes.

We have particular concerns that some staff report that they are being told they have to restrict the amount of work time they spend at Friargate.

Our corporate rep Sarah Feeney has contacted the employer. We will be updating members on these discussions when we have more information. In the meantime, we welcome your suggestions and comments on the issue.

[Join UNISON today](#) to help us fight for proper working conditions for all, and if you are already a member, could you become a rep or workplace contact for us?

Thanks  
Coventry City UNISON
